

An event of such scope as the Silver Quill Dinner would not be possible without the support of men who contribute generously of their talent and resources. Such a group of men are the publishers of America's specialized business publications, banded together now as the American Business Press, Inc. The roster of the new association, which reflects the strength and diversity of the industries, sciences and professions these publications report and interpret, is as follows:

MEMBER PUBLICATIONS

ABC Weekly Newspaper Rates and Data	Assembly Engineering	Ceramic Industry
Actual Specifying Engineer	Atomics	Chemical Engineering
Administrative Management	Automation	Chemical Equipment
